

BOYLE HEIGHTS ARTS CONSERVATORY

CITY OF LOS ANGELES
CALIFORNIA

REGIONAL LEAD:
CLIMATE RESOLVE

Boyle Heights Arts Conservatory (BHAC) advocates for the development of a new framework toward diversity in the creative arts, media, and technology fields—one that is socially and economically inclusive, and accurately reflects the City of Los Angeles in terms of ethnicity, gender, and age.

RATINGS

No two Resilience Hubs are alike. Each community will have different goals and priorities for all three resilience modes. The degree to which they meet their goals can be described as **Baseline**, **Optional**, and **Ideal**.

Baseline sites meet the minimum criteria for being a Resilience Hub and provide community benefit in all three resilience modes. **Optional** Resilience Hubs incorporate a range of expanded services and resilience-enhancing retrofits. **Ideal** Resilience Hubs meet ambitious goals that provide community benefits year-round.

MODE:

EVERYDAY

- Youth programming in arts
- Job training in radio & broadcasting
- Formerly incarcerated programming & support
- Training and aid for micro-businesses

- Ongoing community engagement
- Radio station with mixtec, spanish, and english radio programming
- Social media communication network
- Community events such as community cleanup, tree giveaway, and gardening activity

- Existing building in good condition
- Electrical retrofits
- Water capture & storage system
- *Needs development of green space*
- *Needs additional space for commercial kitchen and food storage*

- Renewable power system: solar + storage

- Solid leadership team
- Hub open-house and tours
- ADA accessible through elevator and ramps
- *Needs funding for staff in all modes*

RESILIENT PROGRAMMING

Offering additional services and programs that build relationships, promote community preparedness, and improve residents' health and well-being.

RESILIENT COMMUNICATIONS

Ensuring the ability to communicate within and outside the service area year-around and especially during disruptions and throughout recovery.

RESILIENT BUILDINGS AND LANDSCAPE

Strengthening the resilience of the facility to ensure that it meets operational goals in all conditions.

RESILIENT POWER

Ensuring reliable backup power to the facility during a hazard while also improving the cost-effectiveness and sustainability of operations in all three operating modes.

RESILIENT OPERATIONS

Ensuring personnel and processes are in place to operate the facility in all three modes.

DISRUPTION

- Community resilience-building curriculum
- Satellite training center for the American Red Cross (CRP)

- Conservatory youth-led community organizing to foster block-level social cohesion
- Community based partnerships to support engagement during COVID-19 pandemic
- *Needs CERT training*

- *Needs atmospheric water machine at another site in boyle heights*
- *Need another Resilience Hub site to support scale of the surrounding community*

- Solar battery backup system

- Training manual: protocol for disruption, living guide for best practice

RECOVERY

- Training for proactive community recovery preparedness
- Full time social workers on site
